

Quality Policy

“We’ve got your back.”

Driven by our customers, Melet Plastics produces engineered plastics and composite solutions for OEM applications, specializing in items requiring advanced design and manufacturing capabilities. Our customers value us for our industry leading service, technical expertise and engineering support.

- **Reliable**
Our customers trust our promises because we move mountains to keep them.
- **Responsive**
We work hard to anticipate our customers’ needs and respond to any and all requests with swiftness and intelligence.
- **Exacting**
We understand that the only assurance of quality is an unwavering commitment to detail.
- **Partnering**
We believe in fostering relationships that are grounded in shared risk and mutual reward.
- **Courageous**
We take pride in our ability to accept challenges which others avoid.

Continuous Improvement will help Melet Plastics to develop internally, to develop a better relationship with our suppliers and is designed to promote customer satisfaction.
